

MODERN SLAVERY ACT

Digital Management Solution

*POWERFUL SOFTWARE
EASY COMPLIANCE*

ABOUT THE MODERN SLAVERY ACT

The Modern Slavery Act 2018 came into effect January 1st, 2019, and entities who operate in Australia, with a consolidated revenue of \$100M must submit an annual statement on how they assess and take action to any identified Modern Slavery risks within their supply chain.

OUR SOFTWARE SOLUTION

Our software solution is specifically designed to help businesses manage their compliance obligations of the Modern Slavery Act.

With flexible configuration options, it will suit all organisations from large to enterprise, we even allow for customisation where required.

Easy to use and simple implementation ensures you can meet Government Requirements with ease.

Built on a global software platform, security and privacy is assured.

“Over 50% of victims of the modern slavery act are in the Asia-Pacific region”

TURN KEY SOLUTION

We have developed our solutions to allow you to get started immediately. Your solution can be securely installed within your company's internal network and infrastructure.

Alternatively, we can securely host your solution in the cloud for an additional cost.
